

VOTE FOR ME

My name is **Eve Hope**, I have lived in Liphook for 22 years and I have been very interested in Parish matters for a number of years. I am very concerned about many of the issues, which are still circulating within the Parish council and . I am passionately driven to address many of these issues such as

Planning

The planning of Bohunt Manor does not take into account local people's wishes. This is something I dearly wish to address.

The plan for a Gospel Hall for 600 is not necessary for Liphook. There are only 24 members of the exclusive brethren who live in Liphook so why do we need this provision?

When Parish Council staff are receiving large amounts of money and claim the reason is bullying and harassment without even the consideration of public transparency?

I want to address these issue as there seems to be a nonstop stream of money being paid out for legal fees, staff pay outs and more. THIS NEEDS TO STOP!

Play Parks

I am committed to seeing through any improvements and enhancements to the children's play parks in the Parish and I am bitterly disappointed that the Parish council has not been able to find any other source of funding other than Parish council money as it has now been a year since it was first considered.

I have been a District Councillor for the last eight years, and I can apply the skills that I have developed in that role to the above administration issues. These issues have clearly been plaguing the council for a considerable amount of time and will continue to do so if some of the present councillors are not replaced; in particular, the councillors that turn up just to vote and do no other work.

I also have the desire to support local groups such as Liphook in Bloom, Liphook Parish Plan, The Business Community and Liphook Youth Club.
